Meetings Made Simple

We asked you what makes your conference a success. You told us that having deep fried, stodgy food and lack of a healthy choice can hinder your productivity. In response we've created a new *Simply Homemade* offering to motivate and energise your delegates. Each conference is catered in house, therefore ensuring only fresh ingredients are used to create our *Simply Homemade* delights.

With this in mind we asked our team of chefs to put their thinking caps on and come back with only the best "food for thought" for your delegates. Each conference is catered in house, therefore ensuring only fresh ingredients are used to create our homemade delights. Carefully chosen recipes provide your delegates with sumptuous homemade goodness so that they can choose from the healthy option or a little something that they fancy.

We have also looked at how to "break the ice" in your meeting and we have devised several exercises for your delegates to help them get to know each other and settle in. Not only have we looked at the food your delegates eat and how they interact with each other but also at what you as the conference organiser would like too. When you book your meeting with us our team of dedicated conference hosts will be on hand to ensure it is a success.
